

## The monthly chronicle DECEMBER 2022

అందరికీ ముందుగా నా వందనాలు...

ఆంగ్లనూతన సంవత్సరంలోకి అడుగు పెడుతున్న ఈ శుభసందర్భంలో గడిచిన సంవత్సరం గురించి ఒక్కసారి నెమరవేసుకుని కొత్త సంవత్సరానికి స్వాగతం పలుకుదాం...

2022 వ సంవత్సరం అందరి మదిలో మధురాతి మధురమైన ఎన్నో జ్ఞాపకాలను మిగిల్చి చరిత్రలో కలిసిపోతున్న ఈ సందర్భంగా నా మదిలోని కొన్ని భావనలు మీతో పంచుకుంటున్నాను.

Covid-19 విలవతాండవం చేస్తున్న రోజుల నుండి ఈ లోకానికి విముక్తి ప్రసాదించింది 2022 వ సంవత్సరం. దాదాపుగా రెండు సంవత్సరాలు పాఠశాలకు దూరమై పూర్తిగా ఇంటికి మాత్రమే పరిమితమైన పిల్లలందరూ ఈ 2022లో ఇప్పుడే కొత్తగా రెక్కలు వచ్చిన పక్షుల్లాగా పిల్లలందరూ ఎగురుతూ వచ్చి పాఠశాలలో చేరారు. రకరకాల రంగుల పూలతో, విరజిమ్మే మంచి సువాసనలతో విరబూసిన అందమైన తోటలాగా పాఠశాలలు, కళాశాలలు తిరిగి పూర్వవైభవాన్ని సంతరించుకున్నాయి. వ్యాపార వాణిజ్య సంస్థలు కూడా తమ పూర్వ స్థితిని పొందాయి. ప్రపంచమంతా మహమ్మారి నుండి బ్రతికి బయటపడ్డామని సంతోషించి కొత్త జీవితాన్ని ఆరంభించింది. అయితే చదువుకు, సంధ్యకు దూరమై గాడి తప్పి తిరుగుతున్న ఆ పిల్లలందరినీ తిరిగి ఒక్క తాటి మీదికి తీసుకురావడం అన్నది ఇటు ఉపాధ్యాయులకు అటు తల్లిదండ్రులకు పెద్ద సాహస పరీక్ష అయ్యిందని చెప్పక తప్పదు. అంతేకాకుండా సైన్స్ ఆధునిక ఆవిష్కరణలు సైన్స్ అండ్ టెక్నాలజీ రంగాల్లో ఎంతో పురోగతి సాధించాం. ఏది ఏమైనప్పటికీ 2022 సంవత్సరం దాదాపుగా అందరి జీవితాలలోకి ఆనందోత్సాహాలను తీసుకువచ్చి అందరి మదిలో జీవితంలో ఎప్పటికీ మరిచిపోలేని అందమైన సంవత్సరంగా మిగిలిపోయింది అని చెప్పవచ్చు. అయితే పాత జ్ఞాపకాలను నెమరువేస్తూ, చేసిన తప్పులను సరిదిద్దుకొని, కొత్త ఉత్సాహాన్ని మదిలో చిగురింప చేసుకుని, కొత్త ఆశలకు ఊపిరి పోస్తూ 2022వ సంవత్సరానికి వీడ్కోలు పలుకుతూ, మనోబలంతో ఆత్మవిశ్వాసంతో ముందుకు సాగుదాం.. కొత్త సంవత్సరానికి ఆహ్వానం పలుకుదాం..

నిన్నటి వరకు నేర్చుకున్నాం...

రేపటి కోసం ఆలోచిద్దాం....

ఆత్మీయులను పెంచుకుందాం...

మీకు మీ కుటుంబ సభ్యులకు ఆంగ్ల నూతన సంవత్సర శుభాకాంక్షలు.

## Year 2022- What the Parents feel...

### Offline School- A Blessing to students

It's not an easy process for a child to go to school after 2 years of corona. It's not an easy task for parents too. We were worried about the studies because of the switch from the online to offline classes. In offline, they are studying together, playing together and they are participating in sports activities. At present they are getting some physical exercise. More over support from the school to parents and children is awesome. The management and teachers are also taking so much care about the studies, activities and precautions on corona. This will help the parents a lot. Thank you so much principal mam, teachers and management.

Thank you.

-Parent of Saketha  
Grade-IA.

### All Round Personality Development

It's been 1 year my daughter is in Sanskriti Kids school and am very happy and satisfied the way my daughter is learning and growing up. My daughter really enjoys going to school. Teachers are very loving and caring. Different activities organised by school has given an opportunity to develop.

Apart from curriculum, activities like GK, MS, Spell bee, Robotics, Quiz are really encouraging kids to learn and grow.

Special thanks to the class teacher (Sonu Madam)

"One book, one child and one teacher can change the world"

Thank you.

Parent of Parnika  
Grade-IA.

2022 year we are back to school after covid-19. Transition from online to offline was quite smooth. There were some challenges in transition, but those are overcome and we are back to normal. Hope the same will continue. Unfortunately, again we are hearing about covid cases, hope we will overcome the same by following precautions. Teaching Pattern adapted by Sanskriti Kids is good and it will result in bright career of students in future.

Thank you Sanskriti Kids

### New Beginning- New Hope....

The end of the year signals a new beginning for all of us, but that doesn't mean we start over from square one. We have to remember each and every lesson we learned in the previous year and carry them forward with us. There's an end to every beginning and then we begin again. We are quite happy after joining my daughter in Sanskriti Kids school. Modern approach makes the difference. This school is pretty amazing and made parents also involved in some aspects. And made us remember our childhood memories. She goes to school very happily without any hesitation. As parents we feel very happy by seeing our daughter's talents and participation in various activities. We look forward for further development of our daughter's abilities and skills.

Thank you!

Parent of  
-M. Anvika Reddy, PP-I B

### Annual Day- Nisarg 2022

Sanskriti Kids celebrated the second Annual Day on 10th December, showcasing the creative talents of the little children. Chief Guest Ms. Sai Rama Devi, Registrar, Vigilance and Guest of Honour, Sri. K. Srinivas Rao, Joint Registrar graced the occasion with their encouraging presence. The event unfolded with the lighting of the lamp and a welcome dance to mark a solemn beginning. The theme for the Annual Event was Nisarg- Nature, various dances depicting the pollution of nature were beautifully presented by the children. The acts were thought provoking and also a reminder to man for his careless attitude towards Nature. Speeches by Director, Vikrant Terala and Chief Guest, Smt. Rama Devi were highly inspiring and optimistic. The Annual report by Principal was a brief presentation of the school's endeavours in academic and co-curricular arenas. The finale dance on dashavataar, was a showstopper and won the appreciation of all the audience. It was an eventful, memorable evening creating nostalgic memories for students and teachers post pandemic. Vote of Thanks was rendered by Ms. Shalini, acknowledging the efforts of all the people front and back stage whose seamless coordination made the event possible. The Annual Day concluded with the National Anthem.

# Christmas CELEBRATIONS

## CHRISTMAS CELEBRATIONS

Jingle Bells, Jingle Bells, jingle all the way.....

Jingling the bells of joy and celebration, Sanskriti Kids celebrated Christmas with great pomp and show. Children dressed in red outfits were a treat to the eyes. Pre-primary kids danced on peppy Christmas Carols, while the grade 4,5 students presented a skit on the message of humanity by Jesus. The choir rendered the 'Joy to the World' song and the entire foyer echoed with the divine feeling of happiness. Children enjoyed dancing to the tune of Jingle bells and clicked snaps at the selfie booth. Christmas celebrations gave an opportunity for the kids to understand the diversity of cultures and religions, and how in a country like India, all the festivals are celebrated with same fervour...

How we Travel

Land of Sand

Our Agriculture

Land of Snow

Learning by doing, hands on activities and demonstration are the most practised methods in classroom instructions. Teachers motivate students to present the learning of the lessons in the form of charts, models etc. In this process the child develops confidence and competence in the subject.

Art and craft

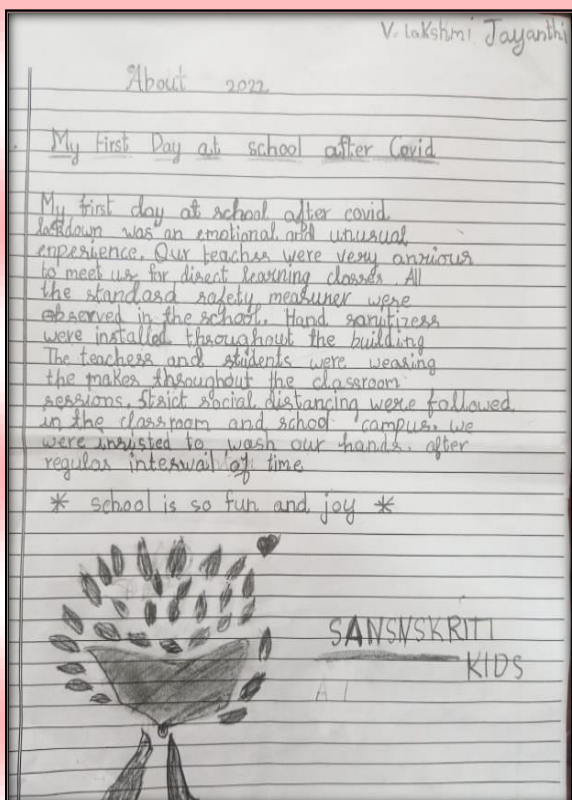

# Kindergarten Rocks

Pre-primary section was abuzz with abundant activities. From art and craftwork to little chef's activity, singing and dancing, drawing and painting, colouring and matching, sports activities every interesting activity was included in the classrooms to make learning fun and exciting.

## Round Up of 2022- Students' Reflections

### The Year 2022- My Views!

I am B.Srikruthi of 3rd class. I want to share with you all about my memories of this year. Joining back offline classes after two years of online classes, I got to learn so many things in this year. I enjoyed a lot. On Teacher's Day, I got to learn so many things by seeing my seniors. During Bathukamma celebration, I danced and I learned many new steps from our dance teacher. On Independence Day, I participated in singing competition. By seeing my talent my parents are proud of me. I played many games and participated in many competitions. I enjoyed a lot at Dino World, Annual Day.... I learned how to do March past. I participated in that also. I am having beautiful memories of this year. Recently, we had Christmas Day celebrations and I enjoyed that too. I learned so many math logics, tricks and many more things. I participated in GK Quiz, writing competition etc. which will be quite helpful to me in future. For my health, I did yoga on yoga day and I participated actively in all competitions.

I have so many memories in the year 2022. I hope next year will be much better with more interesting competitions and programmes.

Thank You!

-B.Srikruthi, Grade-III.

### Offline classes-

#### Refreshing & Rejuvenating

HI, my name is Rishaan. This year has been so great to me. After a long time we got to attend the school physically this year. In 3<sup>rd</sup> class, I have met my old friends and made new friends too. My teachers and parents encouraged me a lot in studies. I have learned so much through classes in this year and participated in sports, skits and dance which helped me a lot. I will work hard every day and hope next year will also be as energetic as this year.

I wish you all a very happy new year.

-Rishaan, Grade-III

### Celebrations-

#### The Heart of Sanskriti Kids

Our Academic year 2022 was amazing and eventful in our school. We had events like artistic colour splash, green haritha haram week, interesting spin a yarn, affectionate Raksha Bandhan. We enjoyed Janmashtami, energetic sports events, devotional Ganesh Chaturthi. We enhanced our skills with Nukkad Natak, Culture and Heritage fancy dress competition, brainy GK quiz, fun learning spellathon, lovely and colourful Annual day, sparkling Diwali and many more. It was a lovely year and we enjoyed a lot.

-Siri Aradhya, Grade-IV

### Try and try till you succeed!

This year was the best. I made so many new friends and learned so much. I joined the school during PT-2 exams, yet everyone treated me like a normal student. Some people were nice and some people the opposite. My favourite subjects are Math, Social, Science, Music and games. Nukkad Natak on Gadget addiction was so fun. I was in 5<sup>th</sup> class play. But that was nothing compared to Annual day. I was in singing, anchoring and dance. The best dance was the Dashavathar. I am very excited for PT-4 exams. My most favourite teacher is our class teacher Prathima mam. I even got to be class leader. I loved GK quiz, Spellathon and Math-A-Magic. I hope 2023 will be so much better. Along the way I had so many ups and downs but I still kept going. If I could say one thing to the school, it would be never give up, always keep trying and if any one says you can't do something don't listen. Keep trying and you will get ahead in life and.....Happy New Year.

Thank you.

-Ashrith, Grade-III.

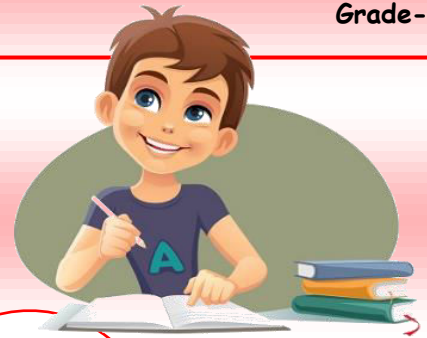

## Round Up of 2022- Students' Reflections

### Delightful Learning in Offline Classes!

I feel so happy in this year. During online classes, I was very happy to see my teachers and my friends on the screen. When I shifted to offline I am happier. I have seen my teachers and friends in real and I feel their presence. I like this year so much. Thank you teachers you have taught me very affectionately. Now I am able to help others because of you. I like Prathima mam. She is my favourite teacher.

Thank you.

-A.Sai Akshith  
Grade-III.

### Offline classes- Happy learning!!

I felt very happy when schools reopened offline classes after covid. I have good memories of visiting Dino world. We enjoyed a lot with my friends and teachers. I have seen big dinosaurs, water park, gardens etc. I felt very happy to participate in Nukkad Natak on right to equality. My teachers encourage me a lot.

-Dwitika  
Grade-IV.

### Here we go Offline....

After two years of Lockdown, I joined this school. I got new friends, teachers and a new environment. It was so nice to have offline classes instead of online classes. Teachers are so kind to me and they clarify my doubts all the time. Robotics was new to me, sir was very kind and encouraging to me always. I enjoyed playing games in games period. Science period was my favourite subject. Ma'am takes us to AV room and shows about lessons, activities. I enjoyed participating in the Annual day dance.

-M.Pranav  
Grade-III.

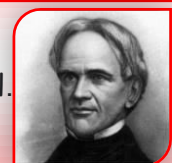

### 2022-Great Year of Fun and Learning

After 2 years of lockdown, we came to offline. We had great fun. Initially, during offline classes, few of my best friends were Nihal, M.Pranav, Akshith and Kshitij, but gradually the whole class including Ashrith became my friends. Next, entire 4<sup>th</sup> class also became my friend. I am so lucky that I have these friends. I want to thank you all teachers including P.T sir and karate sir, principal mam, guard bhaiya and everyone at Sanskriti Kids for guiding me throughout the academic year 2022.

-Lakshya Hassani  
Grade-III.

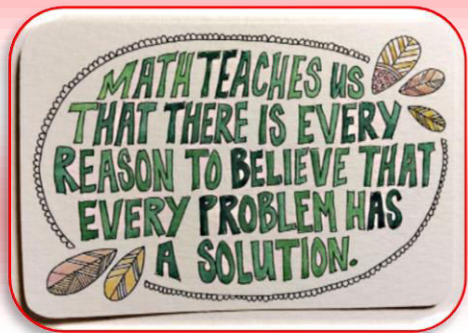

Horace Mann is considered as the inventor of the concept of school.

# Math+a÷Magic Competition

As a part of extended learning, Math-A-Magic Competition was conducted in the School on 27-12-2022. Mathematics can be made easier and enjoyable if the curriculum includes mathematical activities and games. A little competition can inspire math students to greater achievement. It challenges students to use their math skills in new and creative ways. It encourages, attracts, alerts and brings in an open-minded attitude among youngsters which helps them to develop clarity in their thinking. Sanskriti Kids participated in the Math-A-Magic Competition after being shortlisted from the preliminary round. There were various rounds to test the conceptual agility of the kids & finally the rapid fire round, which tested the quickness of thinking & responding. It was a great learning experience to the kids & teachers as well.
