Parent Orientation Programme

In order to acquaint the parents with the school norms and also to understand the various curricular and co-curricular activities aligned in the framework of the school, an orientation was organized on 17th June in the school premises. The principal explained the entire schedule to the parents including the tests, means of communication, academic planner etc. with the help of a PPT. Ms. Shalini, pre primary coordinator, explained the curriculum, activities and assessments aligned for the pre - primary kids. Parents raised a few queries which were attended by respective teachers satisfactorily. It was an insightful session and parents left after high tea with satisfaction.

International Yoga Day

Yoga is an ancient practice that originated in India. Realizing the physical, mental and spiritual benefits of the yogic exercises, the United Nations proclaimed 21st June as the International Day of Yoga. The word 'yoga' means to join or to unite, symbolizing the union of body and consciousness. With the aim of sensitizing the kids with the health benefits of yoga and inculcating the habit of practicing yoga daily, Sanskriti Kids celebrated the International Yoga Day with great enthusiasm. Kids practiced various breathing exercises and physical exercises that will help them boost their well-being and create positive impact on their overall development, preparing them for a successful journey ahead.

School council and Elections

Preparing the young kids to be responsible citizens of the country, Sanskriti Kids organized the elections for the student council body. Interested students of grade 5 placed their nominations and also went around campaigning, using various strategies that work best to woo the voters. Voting was done and all the kids voted through the ballot box and finally the results were announced. It was an exciting experience for the little kids to understand the electoral process...
